

Audit Researcher

The **Office of the Auditor General of Ontario** (Office) is recruiting highly motivated professionals interested in supporting its mandate to promote accountability and value-for-money in government and Broader Public Sector operations. The Office conducts value-for-money (VFM) audits of virtually all aspects of the Ontario government's operations, which assess how efficient, effective and economical government programs are, and reports findings to Ontario's Legislative Assembly. The Office is also responsible for attest audits of the financial statements of the province and of a wide variety of Crown Agencies such as the LCBO, Ontario Securities Commission and the Ontario Financing Authority.

What can I expect to do in this role?

You will:

- Research and analyze qualitative and quantitative information from multiple sources and methods to support on-going value-for-money audits.
- Summarize complex issues and results of research in clear and concise manner for use by audit team members and senior management, evaluating the significance of research and findings for audit consideration.
- Work with research team to keep the office apprised of current issues, legislative news and updates.
- Assist in the annual and ongoing process of identifying and prioritizing suitable audit entities for consideration for future audits and identification of potential audit issues.

How do I qualify?

Mandatory:

- A Master's degree in Political Science, Public Administration, Public Policy or a related field.
- Two to three years of demonstrated experience in research analysis.
- Excellent oral and written communication skills, including report writing.
- Proven organization and analytical skills.
- Ability to work both individually and in a team environment.
